

Dear COAM Master License holder, licensed location owner or operator,

Per recent House Bill 487, Class B Coin Operated Amusement Machine (COAM) license holders are required to electronically submit their data monthly through the new COAM Reporting website. Reporting for the first month of July 2013 is now available, and due no later than August 20, 2013.

In order to electronically submit data, each license holder must first register through the COAM Reporting website using a link sent to their email address on file with the Georgia Department of Revenue. If you have not already received an email to register your location, you must confirm that your current email address is on file with the Georgia Department of Revenue at <http://gtc.dor.ga.gov>. Please ensure your email address is updated as this may delay your COAM Reporting requirement. Once you have updated your email address, please allow 3 – 5 business days for a registration email to be sent to you.

Once you have successfully registered on the website you must enter and electronically submit all of the required monthly data no later than the twentieth of each month, for the previous month. Random audits will be conducted to ensure accurate and timely COAM reporting.

The only way to submit this required data is through the COAM Reporting website at www.gacoam.com. The Georgia Lottery Corporation does not collect this information over the telephone, through mail or via email.

If you have any questions or difficulties registering, please contact us at 1-800-7HOTLINE or email coamreporting@galottery.org. Additional information is also available at www.galottery.com/retailers.

Sincerely,

Debbie D. Alford
President and CEO
